RESUME

Graduated with a Master's in Network Services and Security, I have solid experience in security protocols, data protection, system administration, and troubleshooting. Passionate about cybersecurity, I am motivated to apply my skills to actively contribute to the protection of information systems in a dynamic and demanding environment. Additionally, I am comfortable with embedded systems, allowing me to address security issues from both software and hardware perspectives.

EDUCATION

Master's Degree: Network Services and Security 2022-2024
Higher Institute of Computer Science and Communication Technologies of Sousse

Bachelor's Degree: Computer Systems Engineering (Embedded System and IoT) 2019-2022
Higher Institute of Computer Science and Communication Technologies of Sousse

PROFESSIONAL EXPERIENCE

ISITCom | Part-time Teacher 09/2024 - Present
TEACHING ACTIVITIES:

- **Courses:** SOC, Service Internet Sécurisée
- **Lab Sessions (TP):** Cloud Computing et Virtualisation, Dev Web/Mobile, Big Data
- **Tutorial Sessions (TD):** Protocole Internet, Évaluation de Performance
- **Taught to:** 1st Year, 2nd Year, 3rd Year Licence, and 2nd Year MPSSR students

Sotupub Society | Freelance Graphic Designer 2024 - 2026
Designed visual communication materials as a freelance graphic designer, contributing to branding and promotional content creation.
Tools: Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro

Draexlmaier Group | Master's Internship: 2024
FIREWALL PLATFORM AUDIT:
Development of a platform to audit firewalls and enhance traffic security:

- **Policy Management:** Connect to the firewall to retrieve current policies, analyze compliance, and allow users to add new security policies while ensuring compatibility and optimization.
- **Anomaly Detection:** Identify irregularities, misconfigurations, and potential security risks within the firewall settings to enhance security posture.
- **Reporting and Documentation:** Generate detailed reports on analysis findings, detected anomalies, and suggested improvements, with options for users to download these reports in PDF format for easy sharing and compliance.

Technologies: Flask, Python, Fortinet, JS, Socket.io, LLM (Generative AI)

ISITCom | Security Mini-Project:2023

PRIVILEGE GUARD: ANTICIPATORY SECURITY: Securing a website from attacks.

Creation of two Ubuntu servers, one dedicated to attack and the other to defense. Utilization of open FTP servers to penetrate a website and set up web services.

Technologies: Ubuntu Server, PHP, HTML/CSS, linpeas.sh, Open FTP/SSH, SQL Injection, Nmap, Netcat

LEONI | Bachelor’s Internship:2022

SMART DATA CENTER:

Development of a mobile application for remote management of sensors installed in a server room.

- **Authentication and Registration:** Users must authenticate with a username and password or create an account via a registration form to access application services.
- **Data Collection and Consultation:** The system collects measurements from sensors and allows users to access historical data recorded on specific dates.
- **Real-Time Visualization:** Data measured by sensors is displayed in real-time on the application interface.

Technologies: Spring Boot, Flutter, Arduino, MQTT, PostgreSQL, Node-RED

LANGUAGES

French | English | Spanish | Arabic

CERTIFICATES

NMAP Mastery: Ultimate Guide to Network Scanning	Udemy	2024
Introduction to Cybersecurity	Pristini School	2024
Mediterranean Cyber Defense Forum	ISITCom	2023
CCNA 1,2,3	Cisco	2022
Cryptography Training	ARSII Club	2022

SKILLS

Technical: VMware, VirtualBox, Nmap, Wireshark, Linux System Administration, Active Directory, DHCP, DNS, Firewall Configuration, PfSense/FortiGate, Server Management, Packet Tracer, Delphi, Photoshop / Illustrator, Premiere Pro, Android Studio, StarUML / Draw.io

Behavioral: Innovative, Leadership, Serious, Creative

ASSOCIATIVE WORK AND ACTIVITIES

Supervisor of event "Nuit d’Info 25"	2025-2026
Participant in "AI Night Challenge 2024" (Winning Team)	2024
President of Student Office	2023-2024
Member of Winning Team for "Tunisia IoT & AI Open Challenge 2023"	2024
Participant in "AI Night Challenge 2023" (Winning Team)	2023
Semi-Finalist Team Member in "Arab IoT & AI Challenge"	2023
Event Organizer for "Nuit de l’Info 2023 _ ISITCOM"	2023
Organizer of the "Mediterranean Cyber Defense Forum"	2022-2023
Member of the Tunisian Red Crescent	2022-Present
President of Securinets ISITCOM Club	2021-2023
Team Leader for "Nuit de l’Info 2022"	2021-2022
Co-founder of Enactus ISITCOM Club	2021
